**Q.86** Study the given pie diagram and answer the question that follows.

The pie diagram shows information about the number of students who like particular types of breakfast items prepared by the hostel chef.

The total number of students in the hostel is 3200.

Which of the following statements is NOT true?

- Ans**
- ☒ 1.

The difference between the number of students who like plum cakes and the number of students who like idly, is twice the number of students who like eggs for breakfast.

- ☒ 2.

The ratio of the number of students who like idly to the number of students who like eggs is 3 : 1.

- ☒ 3.

The difference between the number of students who like both cornflakes and plum cakes and the number of students who like both bread and eggs is greater than the number of students who like idly.

- ☒ 4. Only 160 students like eggs for breakfast.

**Q.87** Study the given table and answer the question that follows.

The table shows the production of wheat (in quintals) in four districts in three years 2016, 2017 and 2018.

Year District	2016	2017	2018
District-1	1600	1640	1620
District-2	1710	1680	1750
District-3	1800	1760	1640
District-4	1650	1550	1500

By approximately what percentage is the wheat production in District-3 in the year 2017 more than the wheat production in District-1 for the same year?

- Ans**
- ☒ 1. 5%
  - ☒ 2. 4%
  - ☒ 3. 7%
  - ☒ 4. 9%
