# SSC CHSL 2017 (Tier-I) Previous Year Paper (13-Mar-2018) (Shift 2)

Total Time: 1 Hour

Total Marks: 200

## Instructions

| Sl No. | Section Name          | No. of Question | Maximum Marks | Negative Marks | Positive Marks |
|--------|-----------------------|-----------------|---------------|----------------|----------------|
| 1      | English Language      | 25              | 50            | 0.5            | 2              |
| 2      | General Intelligence  | 25              | 50            | 0.5            | 2              |
| 3      | Quantitative Aptitude | 25              | 50            | 0.5            | 2              |
| 4      | General Awareness     | 25              | 50            | 0.5            | 2              |

- 1.) A total of 60 minutes is allotted for the examination.
- 2.) The server will set your clock for you. In the top right corner of your screen, a countdown timer will display the remaining time for you to complete the exam. Once the timer reaches zero, the examination will end automatically. The paper need not be submitted when your timer reaches zero.
- 3.) There will, however, be sectional timing for this exam. You will have to complete each section within the specified time limit. Before moving on to the next section, you must complete the current one within the time limits.

## English Language

1. In the following question, four words are given out of which one word is correctly spelt. Select the correctly spelt word. (+2, -0.5)

- a. inundate
- b. inundat
- c. inunndate
- d. inunndat

2. The question below consists of a set of labelled sentences. Out of the four options given, select the most logical order of the sentences to form a coherent paragraph. (+2, -0.5)

Although not all those who study

A-better thinkers and leaders

B-become philosophers, they become

C-logic or philosophy may

- a. CAB
- b. BCA
- c. CBA
- d. BAC

3. In the following question out of the four alternatives, select the alternative which will improve the bracketed part of the sentence. In case no (+2, -0.5)

improvement in needed , select “no improvement”.

If all of us (had been) philosophical thinkers, we would not have been deceived by scheming politicians all these years.

- a. has been
- b. have been
- c. had being
- d. no improvement

- 
4. In the following question out of the four alternatives, select the alternative which will improve the bracketed part of the sentence. In case no improvement in needed , select “no improvement”. (+2, -0.5)

Whether it (were balancing) the budget or the day-to-day menu, grandma was the expert.

- a. has balancing
- b. was balanced
- c. was balancing
- d. no improvement

- 
5. In the following question, out of the four alternatives, select the alternative which is the best substitute of the words/sentence. (+2, -0.5)

Comfort someone at a time of grief of disappointment

- a. Arouse
- b. Pique

- c. Fluster
- d. Console

---

6. In the following question, out of the four alternatives, select the alternative which is the best substitute of the words/sentence. (+2, -0.5)

Reduce or decrease in speed or intensity

- a. Expedite
- b. Slacken
- c. Impel
- d. Spur

---

7. In the following question, out of the four alternative, select the alternative which best expresses the meaning of the idiom/phrase. (+2, -0.5)

Excuse my French

- a. Used to apologize for swearing
- b. Said when one cannot speak the language of the other person correctly.
- c. Used to make a flimsy excuse.
- d. Used when you give up easily.

---

8. In the following question, out of the four alternative, select the alternative which best expresses the meaning of the idiom/phrase. (+2, -0.5)

To quit on someone

- a. To fire someone from a job
- b. To cheat with someone
- c. To give up on a difficult person.
- d. To stop helping someone, especially when the support is needed.

- 
9. In the following passage, some of the words have been left out. Read the passage carefully and select the correct answer for the given blank out of the four alternatives. (+2, -0.5)

Without habit, personality could not exist; for we could never do a thing twice alike, and \_\_\_\_\_ would be a new person each succeeding moment. The acts which give us our own peculiar \_\_\_\_\_ are our habitual acts--the little things that do themselves moment by moment without care or attention, and are the truest and best expression of our real selves. Probably \_\_\_\_\_ one of us could be very sure which arm he puts \_\_\_\_\_ the sleeve, or which foot he puts into the shoe, first; and yet each of us \_\_\_\_\_ formed the habit long ago of doing these things in a certain way.

and yet each of us \_\_\_\_\_ formed the habit

- a. certain
- b. certainty
- c. certainly
- d. be certain

10. In the following passage, some of the words have been left out. Read the passage carefully and select the correct answer for the given blank out of the four alternatives. (+2, -0.5)

Without habit, personality could not exist; for we could never do a thing twice alike, and \_\_\_\_\_ would be a new person each succeeding moment. The acts which give us our own peculiar \_\_\_\_\_ are our habitual acts--the little things that do themselves moment by moment without care or attention, and are the truest and best expression of our real selves. Probably \_\_\_\_\_ one of us could be very sure which arm he puts \_\_\_\_\_ the sleeve, or which foot he puts into the shoe, first; and yet each of us \_\_\_\_\_ formed the habit long ago of doing these things in a certain way.

which arm he puts \_\_\_\_\_ the sleeve

- a. into
- b. on
- c. upon
- d. to

11. In the following passage, some of the words have been left out. Read the passage carefully and select the correct answer for the given blank out of the four alternatives. (+2, -0.5)

Without habit, personality could not exist; for we could never do a thing twice alike, and \_\_\_\_\_ would be a new person each succeeding moment. The acts which give us our own peculiar \_\_\_\_\_ are our habitual acts--the little things that do themselves moment by moment without care or attention, and are the truest and best expression of our real selves. Probably \_\_\_\_\_ one of us could be very sure which arm he puts \_\_\_\_\_ the sleeve, or which foot he puts into the shoe, first; and yet

each of us \_\_\_\_\_ formed the habit long ago of doing these things in a certain way.

Probably \_\_\_\_\_ one of us could

- a. negative
- b. never
- c. no
- d. nor

12. In the following passage, some of the words have been left out. Read the passage carefully and select the correct answer for the given blank out of the four alternatives. (+2, -0.5)

Without habit, personality could not exist; for we could never do a thing twice alike, and \_\_\_\_\_ would be a new person each succeeding moment. The acts which give us our own peculiar \_\_\_\_\_ are our habitual acts--the little things that do themselves moment by moment without care or attention, and are the truest and best expression of our real selves. Probably \_\_\_\_\_ one of us could be very sure which arm he puts \_\_\_\_\_ the sleeve, or which foot he puts into the shoe, first; and yet each of us \_\_\_\_\_ formed the habit long ago of doing these things in a certain way.

own peculiar \_\_\_\_\_ are our habitual acts

- a. individual
- b. individuals
- c. individuality
- d. individualist

13. In the following passage, some of the words have been left out. Read the passage carefully and select the correct answer for the given blank out of the four alternatives. (+2, -0.5)

Without habit, personality could not exist; for we could never do a thing twice alike, and \_\_\_\_\_ would be a new person each succeeding moment. The acts which give us our own peculiar \_\_\_\_\_ are our habitual acts--the little things that do themselves moment by moment without care or attention, and are the truest and best expression of our real selves. Probably \_\_\_\_\_ one of us could be very sure which arm he puts \_\_\_\_\_ the sleeve, or which foot he puts into the shoe, first; and yet each of us \_\_\_\_\_ formed the habit long ago of doing these things in a certain way.

twice alike, and \_\_\_\_\_ would be a new person

- a. hence
- b. if
- c. but
- d. also

14. In the following question, a word has been written in four different ways out of which only one is correctly spelt. Select the correctly spelt word. (+2, -0.5)

- a. Pharaoh
- b. Faraoh
- c. Pharoah
- d. Pharoar

15. A sentence has been given in Direct/Indirect Speech. Out of the four given alternatives, select the one which best expresses the same sentence in Indirect/Direct Speech. (+2, -0.5)

He said to me, "I have often told you not to play in the dark."

- a. He said to him that he shouldn't play in the dark.
- b. He reminded me that he had often told me not to play in the dark.
- c. He asked him to not play in the dark.
- d. He asked me that he had told me to not play in the dark.

16. A sentence has been given in Active/Passive Voice. Out of the four given alternatives, select the one which best expresses the same sentence in Passive/Active Voice. (+2, -0.5)

The assassin shot the President.

- a. The President shot by the assassin.
- b. The President was shoot by the assassin.
- c. The President got shot by the assassin.
- d. The President was shot by the assassin.

17. Rearrange the parts of the sentence in correct order. (+2, -0.5)

An inference is

P: the direct, logical one

Q: the likely or probable

R: conclusion rather than

- a. PRQ
  - b. QPR
  - c. RQP
  - d. QRP
- 

18. In the following question, out of the given four alternatives, select the one which is opposite in meaning of the given word. (+2, -0.5)

Peer

- a. Equal
  - b. Look
  - c. Match
  - d. Inferior
- 

19. In the following question, out of the given four alternatives, select the one which is opposite in meaning of the given word. (+2, -0.5)

Altruism

- a. Charity
  - b. Kindness
  - c. Compassion
  - d. Spite
-

20. In the following question, out of the given four alternatives, select the one which best expresses the meaning of the given word. (+2, -0.5)

Excogitate

- a. Communication
  - b. Die
  - c. Invent
  - d. Ignore
- 

21. In the following question, out of the given four alternatives, select the one which best expresses the meaning of the given word. (+2, -0.5)

Abeyance

- a. Revival
  - b. Inactive
  - c. Operation
  - d. Continuation
- 

22. In the following question, the sentence given with blank to be filled in with an appropriate word. Select the correct alternative out of the four and indicate it by selecting the appropriate option. (+2, -0.5)

Without education we are \_\_\_\_\_ and our lives are useless without any meaning attached to it.

- a. someone

- b. uncomplete
- c. complete
- d. incomplete

---

23. In the following question, the sentence given with blank to be filled in with an appropriate word. Select the correct alternative out of the four and indicate it by selecting the appropriate option. (+2, -0.5)

He is a man of \_\_\_\_\_.

- a. principal
- b. dusty
- c. principle
- d. enthusiasm

---

24. In the following question, some part of the sentence may have errors. Find out which part of the sentence has an error and select the appropriate option. If a sentence is free from error, select 'No Error'. (+2, -0.5)

In 1961, a meteoroid was defined as "a solid object moving in (1)/ interplanetary space, of a size considerably smaller than (2)/ an asteroid and considerably larger than an atom". (3)/ No error (4)

- a. 1
- b. 2
- c. 3
- d. 4

25. In the following question, some part of the sentence may have errors. Find out which part of the sentence has an error and select the appropriate option. If a sentence is free from error, select 'No Error'. (+2, -0.5)

His hard (1)/ punch lay (2)/ him on the road . (3)/ No error (4)

- a. 1
- b. 2
- c. 3
- d. 4

## General Intelligence

26. In the following question, select the related word pair from the given alternatives. (+2, -0.5)

Grapes : Fruit :: ? : ?

- a. Stem : Potato
- b. Ginger : Branch
- c. Tomato : Red
- d. Ladyfinger : Vegetable

- 
27. In the following question, select the related number pair from the given alternatives. (+2, -0.5)

42 : 55 :: ? : ?

- a. 35 : 48
- b. 64 : 80
- c. 52 : 69
- d. 36 : 54

- 
28. In the following question, select the related letter/letters from the given alternatives. (+2, -0.5)

NPQ : SUV :: JLM : ?

- a. PQS

- b.** ORS
  - c.** PQR
  - d.** OQR
- 

**29.** In the following question, select the odd word pair from the given alternatives. (+2, -0.5)

- a.** Cricket – Pitch
  - b.** Skating – Ring
  - c.** Hockey – Ground
  - d.** Wrestling – Arena
- 

**30.** In the following question, four number pairs are given. The number on left side of (–) is related to the number on the right side of (–) with some Logic/Rule/Relation. Three are similar on basis of same Logic/Rule/Relation. Select the odd one out from the given alternatives. (+2, -0.5)

- a.** 13 – 15
  - b.** 17 – 19
  - c.** 11 – 13
  - d.** 15 – 19
- 

**31.** In the following question, select the odd letter/letters from the given alternatives. (+2, -0.5)

- a.** KQW

- b. BGN
  - c. MSY
  - d. NTZ
- 

32. From the given alternatives, according to dictionary, which word will come at FIRST position? (+2, -0.5)

- 1. Glorious
- 2. Glider
- 3. Golden
- 4. Glisten
- 5. Grapes

- a. Glider
  - b. Golden
  - c. Grapes
  - d. Glisten
- 

33. In the following question, select the missing number from the given series. (+2, -0.5)

21, 11, 32, 43, 75, ?

- a. 125
- b. 153
- c. 118

d. 97

---

34. A series is given with one term missing. Select the correct alternative from the given ones that will complete the series. (+2, -0.5)

GX, HW, IV, ?, KT

a. JU

b. KU

c. JV

d. JS

---

35. Rajan walks 24 metres towards east. Then turns right and walk another 24 metres. Then turn right and walks for 31 metres to reach shop A. He again turns to his right and walks for 24 metres. What is the straight line distance (in metres) between the starting point and shop A? (+2, -0.5)

a.  $14\sqrt{2}$

b.  $15\sqrt{2}$

c. 25

d. 26

---

36. From the given alternatives, select the word which CANNOT be formed using the letters of the given word. (+2, -0.5)

Ancillary

a. Ail

- b. Navy
  - c. Nill
  - d. Any
- 

37. In a certain code language, "POLIS" is written as "SROLV". How is "MRUGS" written in that code language? (+2, -0.5)

- a. JLNQF
  - b. PUXJV
  - c. FNPRA
  - d. VJQZT
- 

38. In a certain code language, '÷' represents '+', '-' represents '×', '+' represents '÷' and '×' represents '-'. Find out the answer to the following question. (+2, -0.5)

$$20 \times 12 \div 3 - 40 + 12 = ?$$

- a. 25
  - b. 32
  - c. 18
  - d. 7
- 

39. The following equation is incorrect. Which two signs should be interchanged to correct the equation? (+2, -0.5)

$$14 \div 10 \times 20 - 40 + 34 = 1$$

- a.  $\times$  and  $-$
- b.  $\div$  and  $-$
- c.  $\div$  and  $\times$
- d. and  $+$

40. If  $30\% \ 6 = -5$ ,  $10\% \ 5 = -2$  and  $10\% \ 2 = -5$ , then find the value of  $80\% \ 8 = ?$  (+2, -0.5)

- a. 40
- b. 25
- c. -10
- d. 5

41. Which of the following terms follows the trend of the given list? (+2, -0.5)

aAaaaaa, AaAaaaa, AAaAaaa, AAAaAAA, AAAAaAA, \_\_\_\_\_.

- a. AAAAAAa
- b. aAAAAAA
- c. AaAAAAA
- d. AAAAAaA

42. A helicopter flies 80 km north, then it turns West and flies 50 km, then it turns North and flies 120 km, then it turns to its right and flies 50 km. Where (+2, -0.5)

is it now with reference to its starting position?

- a. 40 km North
- b. 220 km South
- c. 40 km South
- d. 200 km North

- 
43. In the question two statements are given, followed by two conclusions, I and II. You have to consider the statements to be true even if it seems to be at variance from commonly known facts. You have to decide which of the given conclusions, if any, follows from the given statements. (+2, -0.5)

Statement I: some genies are ogres

Statement II: No magic are genies

Conclusion I: Some ogres are magic

Conclusion II: All magic are ogres

- a. Only conclusion I follow
- b. Only conclusion II follows
- c. Both conclusions I and II follow
- d. Neither conclusion I nor conclusion II follows

- 
44. In the following figure, rectangle represents Web designers, circle represents Athlete, Triangle represents Sculptors and square represents Asians. Which set of letters represents Asians Who are not Athletes? (+2, -0.5)

- a. DEF
- b. D
- c. GF
- d. DE

45. A series is given with one term missing. Select the correct alternative from the given ones that will complete the series. (+2, -0.5)

RMT, PKR, NIP, ?, JEL

- a. KNL
- b. LGN
- c. MHO
- d. KFM

46. In the following question, select the missing number from the given series. (+2, -0.5)

144, 139, 133, 128, ?, 117, 111

- a. 124
- b. 123

c. 122

d. 126

47. In the following question, four groups of three numbers are given. In each group, the second and third numbers are related to the first number by a Logic/Rule/Relation. Three of them are similar on the basis of the same Logic/Rule/Relation. Select the odd one out from the given alternatives. (+2, -0.5)

a. (16, 48, 49)

b. (23, 69, 70)

c. (17, 51, 52)

d. (34, 112, 113)

48. If a mirror is placed on the line MN, then which of the answer figures is the right image of the given figure? (+2, -0.5)

49. Which of the following cube in the answer figure cannot be made based on the unfolded cube in the question figure? (+2, -0.5)

d.

50. A word is represented by only one set of numbers as given in any one of the alternatives. The sets of numbers given in the alternatives are resented by two classes of alphabets as shown in the given two matrices. The columns and rows of **Matrix - I** are numbered from 0 to 4 and that a **Matrix - II** are numbered from 5 to 9. A letter from these matrices can be represented first by its row and row and next by its column, for example, 'B' can be represented by 24, 31 etc., and 'V' can be represented by 86, 89 etc. Similarly, you have to identify the set for the word "VAMP".

| Matrix - I |   |   |   |   |   | Matrix - II |   |   |   |   |   |   |
|------------|---|---|---|---|---|-------------|---|---|---|---|---|---|
|            | 0 | 1 | 2 | 3 | 4 |             | 5 | 6 | 7 | 8 | 9 |   |
| 0          | M | I | G | A | L |             | 5 | S | S | W | Q | N |
| 1          | G | K | K | C | J |             | 6 | U | N | P | Q | U |
| 2          | M | K | L | I | B |             | 7 | U | R | Q | N | T |
| 3          | J | B | H | I | H |             | 8 | U | V | Y | X | V |
| 4          | L | D | B | L | A |             | 9 | Y | O | S | U | X |

- a. 31, 78, 23, 59
- b. 86, 44, 20, 67
- c. 13, 87, 10, 67
- d. 21, 88, 32, 96

## Quantitative Aptitude

51. What is the place value and face value of 9 in 68956 respectively? (+2, -0.5)

- a. 9, 900
- b. 900, 9
- c. 9, 9
- d. 9000, 900

52. Find the unit place digit in  $71 \times 72 \times 73 \times 74 \times 76 \times 77 \times 78 \times 79$ . (+2, -0.5)

- a. 2
- b. 0
- c. 4
- d. 6

53. The value of  $1 + 2^2 + 2^3 + 2^4 + \dots + 2^9$  is \_\_\_\_\_. (+2, -0.5)

- a. 255
- b. 511
- c. 1021
- d. 2047

54. What will be the value of  $a^3 + b^3$ , if  $a^2 + b^2 = 32$  and  $a + b = 8$  (+2, -0.5)

- a. 8
- b. 32
- c. 128
- d. 256

---

55. The line bisecting all the three angles of a triangle meets at a common point. This point is known as ----- (+2, -0.5)

- a. circum-center
- b. centroid
- c. orthocentre
- d. in-center

---

56. The point of the intersection of three medians is known as the ----- (+2, -0.5)

- a. circum-centre
- b. in-center
- c. centroid
- d. orthocenter

---

57. If  $P = 5X$  and  $Q = X$ , then P is how much percentage more than Q? (+2, -0.5)

- a. 80

b. 320

c. 500

d. 400

---

58. The ratio of three numbers is  $2 : 5 : 7$ . If their product is 1890, then what is the sum of the three numbers? (+2, -0.5)

a. 82

b. 140

c. 42

d. 72

---

59. P starts a business with Rs. 14000. After 8 months Q joins P with Rs. 8000. After 3 years, what will be the ratio of the profit of P and Q? (+2, -0.5)

a.  $12 : 5$

b.  $9 : 4$

c.  $14 : 9$

d.  $15 : 8$

---

60. A person bought 100 cars for Rs. 40000. If the average price of 60 cars is Rs. 500, then what will be the average price (in Rs.) of remaining cars? (+2, -0.5)

a. 200

b. 250

c. 300

d. 350

---

61. The simple interest on a sum for 5 years is Rs. 16800. The rate of interest for the first 3 years is 8% per annum and for the next 2 years is 12% per annum. What is the value (in Rs) of the sum? (+2, -0.5)

a. 30000

b. 38000

c. 32000

d. 35000

---

62. Selling price of an article is Rs. 1144. If loss percentage is 12%, then what is the cost price (in Rs.) of the article? (+2, -0.5)

a. 1300

b. 1006

c. 1242

d. 1440

---

63. Marked price of a chair is Rs 800 and discount is 15%. What is additional discount (in percentage) should be offered to the customer to bring the price of chair to Rs. 578? (+2, -0.5)

a. 15%

b. 10%

c. 16.5%

d. 17.5%

64. Which of the following statement (s) is/are TRUE? (+2, -0.5)

I.  $\sqrt[3]{512} \times \sqrt{256} > \sqrt[3]{343} \times \sqrt{289}$

II.  $\sqrt{121} + \sqrt[3]{1331} > \sqrt[3]{125} \times \sqrt{125}$

a. Only I

b. Only II

c. Neither I nor II

d. Both I and II

65. Two pipes can fill a cistern in 28 and 21 hours respectively and another pipe can empty 3 gallons of water per hour. All the three pipes working together can fill the empty cistern in 84 hours. What is the capacity (in gallons) of the cistern? (+2, -0.5)

a. 32

b. 36

c. 42

d. 40

66. A train is moving at the speed of 36 km/hr. How many seconds it will take to cover a distance of 600 meters? (+2, -0.5)

- a. 60
- b. 120
- c. 30
- d. 40

67. **Direction:** The line graph shows the number of students of a certain university who failed in the given year in their final exams. Study the diagram and answer the following questions.

(+2, -0.5)

In which year were failures greater than that of the previous year?

- a. 2014
- b. 2013
- c. 2015
- d. 2016

68. **Direction:** The line graph shows the number of students of a certain university who failed in the given year in their final exams. Study the diagram and answer the following questions.

(+2, -0.5)

What was the difference in failures between the years 2011 and 2013?

- a. 6000
- b. 4500
- c. 6500
- d. 4000

69. **Direction:** The line graph shows the number of students of a certain university who failed in the given year in their final exams. Study the diagram and answer the following questions.

(+2, -0.5)

Failures in 2014 were greater than that in 2012 by \_\_\_\_\_.

- a. 25%
- b. 16.67%
- c. 20%
- d. 15%

70. **Direction:** The line graph shows the number of students of a certain university who failed in the given year in their final exams. Study the diagram and answer the following questions. (+2, -0.5)

What is the average number of failures in the last three years?

- a. 1500
- b. 1250
- c. 1350
- d. 1400

71. The area of a square is  $40.5 \text{ cm}^2$ . Find the length of its diagonal (in cm). (+2, -0.5)

- a. 9
- b. 4.5
- c. 18
- d. 13.5

72. What is the measure of an exterior angle of a regular polygon of 10 sides? (+2, -0.5)

- a.  $30^\circ$

b.  $24^\circ$

c.  $36^\circ$

d.  $20^\circ$

---

73. The total surface area of a hemisphere is  $462 \text{ cm}^2$ . Find its diameter (in cm). (+2, -0.5)

a. 7

b. 28

c. 21

d. 14

---

74. What is the value of  $(\sin 60^\circ - 2/\sqrt{3})$ ? (+2, -0.5)

a.  $-1/2\sqrt{3}$

b.  $-1/2$

c.  $1/\sqrt{3}$

d.  $(1 - 2\sqrt{3})/2$

---

75.  $\Delta PQR$  is right angled at Q. If  $\tan P = 24/7$ , then what is the value of  $\cos R$ ? (+2, -0.5)

a.  $25/7$

b.  $24/25$

c.  $24/7$

d. 7/24

## Answers

### 1. Answer: a

#### Explanation:

The correct answer is 'I'

#### ★ Key Points

- The correct spelling is '**inundate**'
- The meaning of the given word is- 'If an area of land is inundated, it becomes covered with water.'
- Let's see an example-
  - Their neighborhood is being **inundated** by the rising waters of the Colorado River.

---

### 2. Answer: c

#### Explanation:

The correct answer is 'CBA'

#### ★ Key Points

- In the fixed sentence, the last word is 'study' hence, after we need to write an object that can be a noun/pronoun/gerund the noun is written only in the 'C' part i.e. 'logic' hence it will be the first part.
- 'may' is the last word of the first part hence after this we need a main verb which is written in part 'b' i.e. 'become'
- So according to the correct logic is- CBA
  - *Although not all those who study logic or philosophy may become philosophers, they become better thinkers and leaders.*

### 3. Answer: d

#### Explanation:

The correct answer is 'No improvement'

#### ★ Key Points

- According to grammar, the given sentence is a conditional sentence of the third type in which the structure is- If + had + V<sub>3</sub>... Subject + would + have + V<sub>3</sub>.
- Hence, according to this structure, the given sentence is correct.
- Let's see an example-
  - If it had rained, you would have gotten wet.

**So the correct sentence is-** *If all of us **had been** philosophical thinkers, we would not have been deceived by scheming politicians all these years.*

---

### 4. Answer: c

#### Explanation:

The correct answer is 'was balancing'

#### ★ Key Points

- **According to grammar**, whenever the subject is singular we need a singular verb, and when the subject is plural use the plural verb.
- In the given sentence, the subject is 'it' that is singular in number. So, 'were' here is incorrect.

**So the correct sentence is-** *Whether it **was balancing** the budget or the day-to-day menu, grandma was the expert.*

---

## 5. Answer: d

### Explanation:

The correct answer is '**console**'

#### ★ Key Points

- Let's see the meaning of the given words-
  - **Arouse** → is a verb that means 'provoke to anger or other strong emotion.'
  - **Pique** → means 'feel irritated or resentful'
  - **Fluster** → means 'agitated or confused'
  - **Console** → means 'sympathy or gives consolation to someone.'
- So according to the meaning of the given words, the correct answer is '**console**'

---

## 6. Answer: b

### Explanation:

The correct answer is '**Slacken**'

#### ★ Key Points

- Let's see the meaning of the given words-
  - **Expedite** → means 'cause to be accomplished more quickly'
  - **Slacken** → means 'not taut or held tightly in position; loose'
  - **Impel** → means 'force or urge to do something.'
  - **Spur** → means 'a short branch road or railway line.'
- So according to the meaning of the given words, the correct answer is '**Slacken**'

---

## 7. Answer: a

### Explanation:

The correct answer is 'used to apologize for swearing'

★ Key Points

- The meaning of the given idiom 'Excuse my French' is 'used to apologize for swearing.'
- Let's see an example-
  - **Pardon/Excuse my French** , but that's a damned shame!

---

8. Answer: d

Explanation:

The correct answer is 'To stop helping someone, especially when the support is needed.'

★ Key Points

- The meaning of the given idiom 'to quit on someone' is- **to stop supporting or being friends with someone, especially when they need your support.** (किसी का समर्थन करना या दोस्ती करना बंद करना, खासकर जब उन्हें आपके समर्थन की आवश्यकता हो)
- Let's see an example-
  - I will never quit on my teammates and they will never **quit on me**.
- Thus, the correct answer is **Option 4**.

---

9. Answer: c

Explanation:

The correct answer is Option 3.

★ Key Points

- **Certainly** is an adverb. You use **certainly** to emphasize what you are saying when you are making a statement. Here it is use to qualify the verb

'formed'

- **Certain** is an adjective. If you are **certain** about something, you firmly believe it is true and have no doubt about it. If you are not certain about something, you do not have definite knowledge about it.
- **Certainty** is a noun and is the state of being definite or of having no doubts at all about something.
- Since, here we have to use an adverb to qualify a verb, **certainly** will be the appropriate answer.

---

## 10. Answer: a

### Explanation:

The correct answer is Option 1).

#### ★ Key Points

- **Into:** If you put one thing **into** another, you put the first thing inside the second.
- **On:** If someone or something is **on** a surface or object, the surface or object is immediately below them and is supporting their weight.
- **Upon:** If one thing is **upon** another, it is on it.
- **To:** You use **to** to indicate who or what an action or a feeling is directed towards.
- Since we are referring to putting an arm inside the sleeves '**into**' will be the most appropriate answer.

---

## 11. Answer: c

### Explanation:

The correct answer is Option 3).

#### ★ Key Points

- **No one** is a pronoun which means not a single person, or not a single member of a particular group or set.
- **Negative** is an adjective. A fact, situation, or experience that is **negative** is unpleasant, depressing, or harmful. Negative one will not make any sense.
- **Never** is an adverb. **Never** means at no time in the past or at no time in the future. Never one is also contextually wrong.
- You use **nor** after a negative statement in order to indicate that the negative statement also applies to you or to someone or something else or You use **nor** after a negative statement in order to introduce another negative statement that adds information to the previous one.
- We are referring to not even a single person 'no one' will be right to use here.

## 12. Answer: c

### Explanation:

The correct answer is Option 3

### ★ Key Points

- **Peculiar** is an adjective. If you describe someone or something as **peculiar**, you think that they are strange or unusual, sometimes in an unpleasant way.
- We **need a noun** that will be qualified by an adjective.
  - An **individual** is a noun which means a person.
  - **Individuals** is the plural form of **individual**.
  - The **individuality** of a person or thing consists of the qualities that make them different from other people or things. It is an uncountable noun.
  - If you describe someone as an **individualist**, you mean that they like to think and do things in their own way, rather than imitating other people.
- Since we are referring to qualities i.e. **habitual habits, individuality** is correct to use here.

## 13. Answer: a

## Explanation:

The correct answer is **hence**

### ★ Key Points

- **Meaning of the given options:**
  - **Hence:** You use **hence** to indicate that the statement you are about to make is a consequence of what you have just said.
  - **If:** You use **if** in conditional sentences to introduce the circumstances in which an event or situation might happen, might be happening, or might have happened.
  - **But:** You use **but** to introduce something which contrasts with what you have just said, or to introduce something which adds to what you have just said.
  - **Also:** You can use **also** to give more information about a person or thing, or to add another relevant fact.

Now, look at the following points-

- Thus, as per the given context 'hence' will be the correct option
- As it concludes the statement given before the blank that Never doing a thing twice alike would result in a person being a new person each succeeding moment.

## 14. Answer: a

## Explanation:

The correct answer is '**Pharaoh**'

### ★ Key Points

- The correct spelling is '**Pharaoh**'
- The meaning of the given word is- 'the title of the kings of ancient Egypt'

15. Answer: b

**Explanation:**

The correct answer is 'He reminded me that he had often told me not to play in the dark.'

★ Key Points

- In the given sentence, we have to use 'remind' as the reporting verb.
- The structure for the verb is- Remind + someone + (that) + clause
- Let's see an example-
  - They reminded me that there is a party tonight.

So the correct Indirect speech is- *He reminded me that he had often told me not to play in the dark.*

★ Additional Information

- If the reporting verb is in the past tense and the reported speech is not an idiom/phrase/universal truth/routine/historical fact etc. , the following changes will take place in the tense, time, and place of the reported speech.

Your Personal Exams Guide

| DIRECT SPEECH              | INDIRECT SPEECH          |

| This      | That                           |
| These     | Those                          |
|           |                                |

16. Answer: d

### Explanation:

The correct answer is 'The President was shot by the assassin.'

### ★ Key Points

- In the given sentence, the subject is 'the assassin' and the object is 'the president'

- The verb of the sentence is 'shot' that is in the past tense. Hence, in the passive voice, the tense remains the same.
- So, in the passive voice, the object of the sentence becomes the subject and the subject becomes the object.

**So the correct passive is-** *The President was shot by the assassin.*

17. Answer: d

Explanation:

The correct answer is 'QRP'

#### ★ Key Points

- A sentence can't end with **rather than** . It will be incomplete. R can't be last. Rule out 2). Q = the likely or probable. These are adjectives and must be followed by the noun associated with them. Thus, R (conclusion) must immediately follow Q. Option 4) *QRP* is the correct answer.

*An inference is the likely or probable conclusion rather than the direct, logical one.*

18. Answer: d

Explanation:

The correct answer is '**Inferior**'

★ Key Points

- Let's see the meaning of the given words-
  - **Peer** → means 'Look with difficulty or concentration'
  - **Equal** → means 'being the same in quantity, size, degree, value.'
  - **Look** → means 'direct one's gaze in a specified direction'
  - **Match** → means 'a person or thing able to contend with another as an equal'
  - **Inferior** → means 'lower in rank or status or quality'
- So, according to the meaning of the given words, the correct answer is '**Inferior**'

19. Answer: d

Explanation:

The correct answer is '**Spite**'

★ Key Points

- Let's see the meaning of the given words-
  - **Altruism** → means 'selfless concern for the well-being'
  - **Charity** → means 'an organization set up to provide help and raise money for those in need'
  - **Kindness** → means 'the quality of being kind'
  - **Compassion** → means 'sympathetic pity and concern for the sufferings or misfortunes of others.'
  - **Spite** → means 'a desire to hurt, annoy, or offend'
- So according to the meaning of the given words, the correct answer is '**Spite**'

---

20. Answer: c

**Explanation:**

The correct answer is '**Invent**'

★ Key Points

- Let's see the meaning of the given words-
    - **Excogitate** → means 'think out, plan or devise'
    - **Communication** → means 'the action of communicating'
    - **Die** → means 'stop living or become extinct'
    - **Invent** → means 'create or design'
    - **Ignore** → means 'disregard intentionally'
  - So, according to the meaning of the given words, the correct answer is '**Invent**'
- 

21. Answer: b

**Explanation:**

The correct answer is '**Inactive**'

★ Key Points

- Let's see the meaning of the words-
    - **Abeyance** → means 'a state of temporary disuse or suspension'
    - **Revival** → means 'an improvement in condition or strength of something'
    - **Inactive** → means 'not active, working or having an effect'
    - **Operation** → means 'the action or process of operating'
    - **Continuation** → means 'the action of continuing or state of being continued.'
  - So, according to the meaning of the given words, the correct answer is '**Inactive**'
-

## 22. Answer: d

### Explanation:

The correct answer is '**incomplete**'

#### ★ Key Points

- According to grammar, the given blank is to be filled with 'adjective' because before the blank there is a linking verb 'are' and we know that when the subject and the linking verb are used we need to write a subject complement that gives some extra information about the subject.
- Let's see the options-
  - In option 3, 'complete' is an adjective but we cannot use this because this makes the sentence contextually incorrect because we are talking about 'without education' hence, it doesn't make any sense that 'without education we are complete' so this option is eliminated.
  - In option 2, uncomplete is not a word so this cannot be the correct answer.
  - In option 1, 'someone' is a determiner hence we can not use this also.
- So the correct answer is '**Option 4** which is '**Incomplete**'

So the correct sentence is- *Without education we are **incomplete** and our lives are useless without any meaning attached to it.*

## 23. Answer: c

### Explanation:

The correct answer is '**principle**'

#### ★ Key Points

- According to grammar, in the given blank we need a noun to make a prepositional object because before the blank there is a preposition.

- Let's see the meaning of the words and their parts of speech-
  - **Principal** → means 'first in order or importance'
  - **Dusty** → means 'covered with or resembling dust'
  - **Principle** → means 'a fundamental truth or proposition serving as the foundation for belief'
  - **Enthusiasm** → means 'intense enjoyment, interest, or approval'
- So according to the meaning of the given word, the correct answer is '**Principle**'

So the correct sentence is → *He is a man of **principle***

## 24. Answer: c

### Explanation:

The correct answer is **Option 3** i.e. '**error lies in part 3 of the sentence.**'

#### ★ Key Points

In a given sentence, the usage of '**then**' is incorrect Instead of it use '**than**'

- According to the grammar rule, '**Than**' is a conjunction which is used to show the comparison, and '**Then**' is an adverb that is used to show the point of time.
- Let's see some examples:
  - I spent years on the dole trying to get bands together and I never worried about money **then**.
  - The arrangement was more a formality **than** a genuine partnership of two nations.

So the correct sentence is:

*In 1961, a meteoroid was defined as "a solid object moving in interplanetary space, of a size considerably smaller than an asteroid and considerably larger **than** an atom".*

## 25. Answer: b

## Explanation:

The correct answer is '2' i.e. error lies in part 2 of the sentence.

### ★ Key Points

In part 2 of the sentence , the usage of 'lay' is incorrect Instead, use 'laid'

- According to grammar, the subject of the sentence is a noun in the given sentence the subject is 'punch' and the object of the sentence is 'him' in the given sentence we need to use the past tense because the action is already performed.
- 'lay' is a transitive verb and the verb of this verb is 'lay⇒ laid⇒ laid⇒ laying' this means 'to put something down'
- Let's see an example-
  - They have laid the table, let's have dinner.

So the correct sentence is- *His hard punch **laid** him on the road.*

### ★ Confusion Points

- The verb 'lie' is an intransitive verb and the verb forms of this verb are 'Lie⇒ Lay⇒ Lain⇒ Lying ' and the meaning of this verb is 'to fall'
- Let's see an example-
  - He lays down. (here the verb lays is an intransitive verb and down is an adverb that gives the reply of where?)

---

## 26. Answer: d

## Explanation:

Here, Pattern is such that second word defines the category and the first word defines the example of that category i.e.

Grapes : Fruit → Grapes is a type of or example of fruit.

Let's check all the options.

Stem : Potato → Potato is a type of stem. Here potato is related to stem but stem is not a type of potato. So, this is not the correct answer.

Ginger : Branch → Ginger is a type of stem not branch.

Tomato : Red → Colour of Tomato is red. Here red is not type of tomato.

**Ladyfinger : Vegetable → Ladyfinger** is a type of vegetable

Hence, Ladyfinger : Vegetable is the correct answer.

## 27. Answer: a

**Explanation:**

$$(42) : (42 + 13) :: (35) : (35 + 13)$$

$$\rightarrow 42 : 55 :: 35 : 48$$

Hence, the correct answer is 35 : 48.

## 28. Answer: d

**Explanation:**

The pattern followed here is:

$$\begin{array}{ccc} \text{N} & \xrightarrow{+5} & \text{S} \\ \text{P} & \xrightarrow{+5} & \text{U} \\ \text{Q} & \xrightarrow{+5} & \text{V} \end{array}$$

Similarly,

From the given figure it is clear that the combination will be OQR.

Hence the correct answer is "OQR".

## 29. Answer: b

### Explanation:

The logic here is as follows:

Cricket – Pitch → Cricket is played on a Pitch

Hockey – Ground → Hockey is played on the Ground

Wrestling – Arena → Wrestling is played in the Arena

Skating – Ring → Skating is not played in the Ring.

Hence, the correct answer is "Skating – Ring".

## 30. Answer: d

### Explanation:

$$1) (13) \rightarrow (13 + 2) = 15$$

$$2) (17) \rightarrow (17 + 2) = 19$$

$$3) (11) \rightarrow (11 + 2) = 13$$

$$4) (15) \rightarrow (15 + 4) = 19$$

So, "15 - 19" is the odd letters from the given alternatives.

Hence, the correct answer is **"15 - 19"**.

---

**31. Answer: b**

**Explanation:**

1)  $K + 6 = Q, Q + 6 = W$

2)  $B + 5 = G, G + 7 = N$

3)  $M + 6 = S, S + 6 = Y$

4)  $N + 6 = T, T + 6 = Z$

So, "BGN" are the odd letters from the given alternatives.

Hence, the correct answer is **"BGN"**.

---

**32. Answer: a**

**Explanation:**

According to dictionary order, words will be arranged as follows.

2) **G**lid er

4) **G**lis ten

1) **G**lo rious

3) **G**o lden

5) **G**r apes

Hence, The correct answer is **"Glider"**.

33. Answer: c

Explanation:

The pattern followed here is:

1)  $21 + 11 = 32$

2)  $11 + 32 = 43$

3)  $32 + 43 = 75$

4)  $43 + 75 = 118$

Hence, the missing number is 118.

34. Answer: a

Explanation:

| Alphabets        | A  | B  | C  | D  | E  | F  | G  | H  | I  | J  | K  | L  | M  |
|------------------|----|----|----|----|----|----|----|----|----|----|----|----|----|
| Positional value | 1  | 2  | 3  | 4  | 5  | 6  | 7  | 8  | 9  | 10 | 11 | 12 | 13 |
| Positional value | 26 | 25 | 24 | 23 | 22 | 21 | 20 | 19 | 18 | 17 | 16 | 15 | 14 |
| Alphabets        | Z  | Y  | X  | W  | V  | U  | T  | S  | R  | Q  | P  | O  | N  |

The pattern followed here is:-

Hence, the correct answer is "JU".

35. Answer: c

Explanation:

The Figure is as follows:

Clearly we see a  $\Delta ABC$

$\Delta ABC$ ,

$$AB = 24 \text{ M}, BC = (31 - 24 = 7) \text{ M}, AC = ?$$

$$AC^2 = AB^2 + BC^2$$

$$AC^2 = (24^2 + 7^2) \text{ M}$$

$$AC^2 = (576 + 49) \text{ M}$$

$$AC^2 = 625 \text{ M}$$

$$AC = \sqrt{625M}$$

$$AC = 25 M$$

So, the distance (in metres) between the starting point and shop A is 25 Metres.

Hence, the correct answer is **"25"**.

---

### 36. Answer: b

#### Explanation:

By solving options:

- 1) Ail – **Anc il** lary – Can be formed
- 2) Navy – Ancillary – Cannot be formed because the letter 'v' is not present in 'Ancillary'
- 3) Nill – A **nc ill** ary – Can be formed
- 4) Any – **An** cillar **y**– Can be formed

Hence, the correct answer is **"Navy"**.

---

### 37. Answer: b

#### Explanation:

The pattern followed here is,

Hence, "MRUGS" written in that code language is "PUXJV".

### 38. Answer: c

#### Explanation:

Given:-

$$\text{Equation} \rightarrow 20 \times 12 \div 3 - 40 + 12$$

| Symbols | ÷ | - | + | × |
|---------|---|---|---|---|
| Code    | + | × | ÷ | - |

After replacing the symbols with their code,

$$\text{New Equation} \rightarrow 20 - 12 + 3 \times 40 \div 12$$

Now after applying BODMAS Rule and solving the equation, we get:-

$$20 - 12 + 3 \times \underline{40 \div 12}$$

$$20 - 12 + \underline{3 \times 3.33}$$

$$20 - 12 + 9.99 \text{ (Approximate value of } 9.99 \sim 10)$$

$$20 - 12 + 10$$

$$\underline{20 + 10} - 12$$

$$30 - 12 = 18$$

Hence, the correct answer is "18".

---

**39. Answer: c**

**Explanation:**

$$1) 14 \div 10 - 20 \times 40 + 34 = 1.4 - 20 \times 40 + 34 = -122.6$$

$$2) 14 - 10 \times 20 \div 40 + 34 = 14 - 10 \times 0.5 + 34 = -25$$

$$3) 14 \times 10 \div 20 - 40 + 34 = 14 \times 0.5 - 40 + 34 = 7 + 34 - 40 = 1$$

$$4) 14 \div 10 \times 20 + 40 - 34 = 1.4 \times 20 + 40 - 34 = 34$$

Hence, the correct answer is " $\div$  and  $\times$ ".

---

**40. Answer: c**

**Explanation:**

The pattern followed here is,

$$30\% 6 \rightarrow 30 \div 6 = 5 \rightarrow -5$$

$$10\% 5 \rightarrow 10 \div 5 = 2 \rightarrow -2$$

$$10\% 2 \rightarrow 10 \div 2 = 5 \rightarrow -5$$

Similarly,

$$80\% 8 \rightarrow 80 \div 8 = 10 \rightarrow -10$$

Hence, the correct answer is "-10".

41. Answer: d

### Explanation:

According to the sequence, 'a' is shifting one position ahead of its next position at every step. Thus next term would be 'AAAAaA'.

Hence, the correct answer is **"AAAAaA"**.

42. Answer: d

### Explanation:

Based on information given direction diagram can be traced as,

Therefore distance between Starting point and Ending point is  $(80 \text{ km} + 120 \text{ km}) = 200 \text{ km North}$ .

Hence, correct answer is **"200 km North"**.

**43. Answer: d**

**Explanation:**

The least possible Venn diagram for the given statements is as follows,

Conclusion I: Some ogres are magic → Doesn't Follows (It's a possibility)

Conclusion II: All magic are ogres → Doesn't Follows ( As no magic are genies so that's why all magic are ogres can't be possible)

Hence, the correct answer is **"neither conclusion I nor conclusion II follows."**

**44. Answer: b**

**Explanation:**

The Figure is as follows:

So, letter 'D' represents Asians who are not Athletes.

Hence, the correct answer is "D".

45. Answer: b

Explanation:

The pattern is,

Hence, the correct answer is "LGN".

46. Answer: c

Explanation:

The pattern followed here is,

$$144 - 5 = 139$$

$$139 - 6 = 133$$

$$133 - 5 = 128$$

$$128 - 6 = 122$$

$$122 - 5 = 117$$

$$117 - 6 = 111$$

Hence, the missing number is 122.

47. Answer: d

Explanation:

The logic is,

$$16 \times 3 = 48 \rightarrow 48 + 1 = 49$$

$$23 \times 3 = 69 \rightarrow 69 + 1 = 70$$

$$17 \times 3 = 51 \rightarrow 51 + 1 = 52$$

$$34 \times 3 = 102 \text{ (112)} \Rightarrow 102 + 1 = 103 \text{ (113)}$$

So, the odd one is (34, 112, 113).

Hence, the correct answer is "(34, 112, 113)".

48. Answer: a

Explanation:

Given the figure,

Hence, the correct answer is "Option 1".

49. Answer: a

Explanation:

and

must be the opposite. But in option (1), they are adjacent.

Hence, the correct answer is "option 1".

50. Answer: b

Explanation:

V → 86, 89

A → 03, 44,

M → 00, 20

$P \rightarrow 67$

Hence, the answer is 86, 44, 20, 67.

Option 86, 44, 20, 67 is the correct answer.

---

## 51. Answer: b

### Explanation:

#### Concept used:

Place value is the value of each digit in a number.

Face value is the actual value of the digit whereas place value is the position of a digit in a number.

#### Calculation:

Place value of 9 in 68956 =  $9 \times 100 = 900$

Face value of 9 in 68956 = 9

$\therefore$  Option 2 is the correct answer.

Your Personal Exams Guide

---

## 52. Answer: d

### Explanation:

#### Given:

$71 \times 72 \times 73 \times 74 \times 76 \times 77 \times 78 \times 79$

#### Concept used:

The digit placed at the unit place is also called as the digit at ones place.

**Calculation:**

To find unit digit multiply their unit digits =  $1 \times 2 \times 3 \times 4 \times 6 \times 7 \times 8 \times 9 = 24 \times 42 \times 72$

To find unit digit multiply their unit digits =  $24 \times 42 \times 72 = 4 \times 2 \times 2 = 16$

So, unit digit = 6

$\therefore$  The correct answer is 6.

**53. Answer: c**

**Explanation:**

**Given:**

$$1 + 2^2 + 2^3 + 2^4 + \dots + 2^9$$

**Calculation:**

According to the question:

$$\Rightarrow 1 + 2^2 + 2^3 + 2^4 + \dots + 2^9$$

$$\Rightarrow 1 + (2^2 + 2^3 + 2^4 + \dots + 2^9)$$

In brackets we have Geometric Progression. So we solve it first.

$$\Rightarrow a_1 = 2^2 = 4$$

$$\Rightarrow a_2 = 2^3 = 8$$

$$\Rightarrow r = 8/4 = 2$$

No. of terms = 8

$$\text{Sum of G.P} = a_1(r^n - 1)/(r - 1)$$

$$\Rightarrow 4(2^8 - 1)/(2 - 1)$$

$$\Rightarrow 4 \times 255 = 1020$$

$$\text{So, } 1 + 2^2 + 2^3 + 2^4 + \dots + 2^9 = 1 + 1020 = 1021$$

$\therefore$  The correct answer is 1021.

**54. Answer: c**

**Explanation:**

**Given:**

$$a^2 + b^2 = 32; a + b = 8$$

**Formula used:**

$$(a + b)^2 = a^2 + b^2 + 2ab$$

$$a^3 + b^3 = (a + b)(a^2 + b^2 - ab)$$

**Calculation:**

$$(a + b)^2 = a^2 + b^2 + 2ab$$

$$\Rightarrow (8)^2 = 32 + 2ab$$

$$\Rightarrow 2ab = 64 - 32 = 32$$

$$\Rightarrow ab = 16$$

$$\text{So, } a^3 + b^3 = (a + b)(a^2 + b^2 - ab) = (8) \times (32 - 16) = 8 \times 16 = 128$$

$\therefore$  The correct answer is 128.

**55. Answer: d**

**Explanation:**

**Calculation:**

The line bisecting all the three angles of a triangle meets at a common point. This point is known as In-center.

---

**56. Answer: c**

**Explanation:**

**Calculation:**

The point of the intersection of three medians is known as the Centroid.

---

**57. Answer: d**

**Explanation:**

**GIVEN:**

$$P = 5X \text{ and } Q = X$$

**CALCULATION:**

$$\text{Required \%} = (P - Q)/Q \times 100 = (5X - X)/X \times 100 = 400\%$$

$\therefore$  The correct answer is 400% .

---

**58. Answer: c**

**Explanation:**

**Given:**

Ratio of three numbers = 2 : 5 : 7

Product of numbers = 1890

**Calculation:**

Let three numbers be  $2k$ ,  $5k$  and  $7k$ .

$$\Rightarrow 2k \times 5k \times 7k = 1890$$

$$\Rightarrow k^3 = 27$$

$$\Rightarrow k = 3$$

$$\Rightarrow a + b + c = 2k + 5k + 7k = 14k = 14 \times 3 = 42$$

$\therefore$  The correct answer is 42.

---

**59. Answer: b**

**Explanation:**

**Calculation:**

Ratio of profit = P's capital  $\times$  time: Q's capital  $\times$  time

$$\text{Ratio of profit} = 14000 \times 36 : 8000 \times 28$$

$$\text{Ratio of profit} = 9 : 4$$

$\therefore$  The correct option is 2.

---

**60. Answer: b**

**Explanation:**

**Given:**

Price of 100 cars = Rs. 40000

**Calculation:**

Total numbers of cars = 100

Remaining cars =  $(100 - 60) = 40$

Average Price of remaining cars =  $\{40000 - (500 \times 60) / (100 - 60)\}$

$\Rightarrow (40000 - 30000) / 40 = 10000 / 40 = 250$

$\therefore$  The correct answer is 250.

---

## 61. Answer: d

**Explanation:**

**Given:**

S.I = Rs. 16800

**Formula used:**

$S.I. = (P \times R \times T) / 100$

**Calculation:**

$(P \times R_1 \times T_1) / 100 + (P \times R_2 \times T_2) / 100 = S.I.$

$\Rightarrow (P \times 8 \times 3) / 100 + (P \times 12 \times 2) / 100 = 16800$

$\Rightarrow 48P / 100 = 16800$

$\Rightarrow P = 1680000 / 48$

$\Rightarrow P = \text{Rs.} 35000$

$\therefore$  The correct answer is Rs.35000 .

---

**62. Answer: a**

**Explanation:**

Given:

S.P = Rs.1144; Loss% = 12%

Calculation:

Selling price of an article = 1144

Loss % = 12% it means S.P. =  $100 - 12 = 88\%$

$\Rightarrow 88\% = 1144$

$\Rightarrow 1\% = 1144/88 = 13$

C.P. of article = 100% =  $100 \times 13 = \text{Rs.}1300$

$\therefore$  The correct answer is Rs. 1300 .

**63. Answer: a**

**Explanation:**

Given:

M.P = 800; 1st Discount % = 15%

Calculation:

Price after 1<sup>st</sup> discount = 85% of 800 =  $17/20 \times 800 = 680$

Let 2<sup>nd</sup> discount is a%

Price after 2nd discount =  $(100 - a)\%$  of 800

$$\Rightarrow (100 - \alpha)/100 \times 680 = 578$$

$$\Rightarrow (100 - \alpha) = 57800/680 = 85$$

$$\Rightarrow \alpha = 100 - 85 = 15\%$$

$\therefore$  The correct answer is 15% .

**64. Answer: a**

**Explanation:**

**Calculation:**

Statement I.  $\sqrt[3]{512} \times \sqrt{256} > \sqrt[3]{343} \times \sqrt{289}$  means  $8 \times 16 > 7 \times 17$  that is  $128 > 119$ .

Statement II.  $\sqrt{121} + \sqrt[3]{1331} > \sqrt[3]{125} \times \sqrt{125}$  means  $11 + 11 > 5 \times 5\sqrt{5}$  is  $22 > 25\sqrt{5}$ .

$\therefore$  Statements I is true.

**65. Answer: c**

**Explanation:**

**Given:**

Time taken by pipe  $_1$  to fill the cistern = 28 hours

Time taken by pipe  $_2$  to fill the cistern = 21 hours

Efficiency of pipe  $_3$  = 3 gallon/hour

**Calculation:**

| Efficiency | Pipe              | Time | Capacity |
|------------|-------------------|------|----------|
| 3          | $P_1$             | 28   | 84       |
| 4          | $P_2$             | 21   |          |
| 1          | $P_1 + P_2 + P_3$ | 84   |          |

Efficiency of pipe 3 =  $3 + 4 - 1 = 6$  units/hour

Time taken by pipe 3 to empty the cistern =  $84/6 = 14$  hours

Capacity of cistern =  $14 \times 3 = 42$  gallons

∴ The correct answer is 42 gallons .

66. Answer: a

Explanation:

Given:

Speed of the train = 36 km/hr

Calculation:

Speed of train = Distance/Time

⇒  $36 \times 5/18 = 600/\text{Time}$

⇒ Time = 60 sec

∴ The correct answer is 60 sec

67. Answer: a

Explanation:

**Calculation:**

No. of students failed in 2012 compared to previous year =  $7500 - 2000 = 5500$

No. of students failed in 2013 compared to previous year =  $6500 - 7500 = -1000$

No. of students failed in 2014 compared to previous year =  $9000 - 6500 = 2500$

No. of students failed in 2015 compared to previous year =  $2500 - 9000 = -6500$

No. of students failed in 2016 compared to previous year =  $1000 - 2500 = -1500$

No. of students failed in 2017 compared to previous year =  $1000 - 1000 = 0$

So 2012 failures greater than that of the 2011 but it is not in option so answer is = 2014.

∴ The correct option is 1.

---

**68. Answer: b**

**Explanation:**

**Calculation:**

Difference in failures between 2011 and 2013 =  $6500 - 2000 = 4500$

∴ The correct answer is 4500.

---

**69. Answer: c**

**Explanation:**

**Calculation:**

The no. of failures in 2014 were greater than that in 2012:

$$\Rightarrow (9000 - 7500) / 7500 \times 100 = 20\%$$

∴ The correct answer is 20%.

---

70. Answer: a

Explanation:

Calculation:

Average no. of failures in last 3 years =  $(2500 + 1000 + 1000)/3$

$$\Rightarrow 4500/3 = 1500$$

∴ The correct answer is 1500 .

---

71. Answer: a

Explanation:

Given:

Area of Square =  $40.5 \text{ cm}^2$

Calculation:

Diagonal of square (D) =  $a\sqrt{2}$

$$\Rightarrow D^2 = (a\sqrt{2})^2 = 2a^2$$

$$\Rightarrow D^2 = 2 \times 40.5 = 81$$

$$\Rightarrow D = 9 \text{ cm}$$

∴ The correct answer is 9 cm .

---

**72. Answer: c**

**Explanation:**

Given:

Number of sides (N) = 10

Calculation :

Exterior angle =  $(360^\circ)/N = (360^\circ)/10 = 36^\circ$

$\therefore$  The correct answer is  $36^\circ$  .

**73. Answer: d**

**Explanation:**

Given:

Total surface area of a hemisphere =  $462 \text{ cm}^2$

Calculation:

Total Surface Area of Hemisphere = 462

$$\Rightarrow 3\pi r^2 = 462$$

$$\Rightarrow 3 \times \frac{22}{7} \times r^2 = 462$$

$$\Rightarrow r^2 = 49$$

$$\Rightarrow r = 7$$

Diameter =  $2 \times 7 = 14 \text{ cm}$

$\therefore$  The correct answer is  $14 \text{ cm}$  .

74. Answer: a

Explanation:

Calculation:

$$(\sin 60^\circ - 2/\sqrt{3}) = \sqrt{3}/2 - 2/\sqrt{3} \quad (\sin 60^\circ = \sqrt{3}/2)$$

$$\Rightarrow (3 - 4)/(2\sqrt{3}) = -1/2\sqrt{3}$$

$\therefore$  The correct answer is  $-1/2\sqrt{3}$ .

75. Answer: b

Explanation:

Given:

$\Delta PQR$  is right angled at Q.

$$\tan P = 24/7$$

Calculation:

$$\tan P = 24/7 = QR/PQ$$

$$\Rightarrow (PR)^2 = (PQ)^2 + (QR)^2$$

$$\Rightarrow (PR)^2 = (24)^2 + (7)^2 = 576 + 49 = 625$$

$$\Rightarrow PR = 25$$

$$\cos R = QR/PR = 24/25$$

$\therefore$  The correct answer is 24/25 .

---

**76. Answer: b**

**Explanation:**

Deindustrialisation means movement of the workforce from the industrial sector to the service sector.

- Deindustrialisation is the opposite of industrialisation.
- It is the process of social and economic change due to the reduction or removal of industrial activity in a particular region or country, especially manufacturing industry.
- It is a shift from manufacturing sectors to the service sectors, so that manufacturing has a lower share of total employment.

Few examples include

- In the U.K., manufacturing sector, as a share of real GDP, has fallen from 33% in 1970 to 12% in 2010.
- In the U.S., deindustrialization has seen jobs in the manufacturing sector fall from 19 million in 1979 to 12 million in 2016.

---

**77. Answer: c**

**Explanation:**

The correct answer is High level of illiteracy.

★ Key Points

- The Indian workers are less skilled than the workers of western countries because of the high level of illiteracy.
- Illiteracy is a poison for the development of any country. India's current literacy rate of **74.04%** is still below than the world's average literacy rate of **84%**.
- More literacy would mean more knowledgeable and skilled people in a country which is usually termed as human capital.
- Literacy enables a person to understand things better, so they enjoy a better socio-economic life and helps in the overall development of the nation.

78. Answer: d

Explanation:

Junagadh inscription is written in the Sanskrit language.

- It is famously known as Junagadh rock inscription of **Rudradaman** or Girnar Rock inscription of Rudradaman.
- It was inscribed by the Western Kshatrap King, Rudradaman I.
- It dates back to 150CE and is located in Girnar near Junagadh, Gujarat, India.
- The inscriptions are also famous for its poetic meter.
- These rocks contain inscriptions of Ashoka, Rudradaman I and Skandagupta.

79. Answer: b

Explanation:

- Gopal Krishna Gokhale is considered as a political guru of Mahatma Gandhi.
- Gokhale (1866 - 1915), was one of the most important leaders of the Indian National Congress.
- He was a socio-political leader during the Indian Independence Movement.

80. Answer: c

**Explanation:**

The main causes of temperature rise in the interior of the Earth are both the pressure and the breakdown of radioactive substances.

- The temperature of the Earth increases from the Crust to the Core. It is about 600°C at a depth of 20 Km, 1000–1500°C at 100Km and around 4000–5000°C in the Core.
- The heat energy released by radioactive decay of elements such as uranium and thorium accounts for about 50% of the heat given off by the Earth.

81. Answer: c

**Explanation:**

Barren and Narcondam are the two volcanic islands located in the Indian Territory.

**Barren Island :**

- It is located in the Andaman Sea.
- It is dominated by Barren Volcano which is the only confirmed active volcano in South Asia.
- This volcano is also the only active volcano along a chain of volcanoes from Myanmar to Sumatra.

**Narcondam Island:**

- It is located in the Andaman Sea.
- The geological survey of India has classified it as a Dormant Volcano.

82. Answer: c

## Explanation:

The correct answer is Bharatanatyam.

### ★ Key Points

- Bharatanatyam
  - Bharatanatyam of Tamil Nadu in Southern India has grown out of the art of dancers dedicated to temples and was earlier known as Sadir or Dasi Attam.
  - It is the first of India's traditional dances to be refashioned by theatre artists and to be exhibited widely both at home and abroad.
  - The music of Bharatanatyam belongs to the Carnatic system of southern India.
  - The musicians accompanying a dance recital include at least one vocalist, a Mridangam (drum)-player, a flutist or violinist, or Veena (lute)-player.
  - The group also includes a Nattuvanar, or dance conductor, who recites the dance syllables as he plays a pair of small bronze cymbals.

### ★ Additional Information

- The list of classical dances in India is given below:

Your Personal Exams Guide

| List of Classical dances in India | State of Origin |
|-----------------------------------|-----------------|
| Bharatnatyam                      | Tamil Nadu      |
| Kathak                            | Uttar Pradesh   |
| Kuchipudi                         | Andhra Pradesh  |
| Odissi                            | Odisha          |
| Kathakali                         | Kerala          |
| Sattriya                          | Assam           |
| Manipuri                          | Manipur         |
| Mohiniyattam                      | Kerala          |

83. Answer: c

Explanation:

China has made world's first all-electric ship, which can travel up to 80 Km with 200 tons cargo after a two-hour charge.

- It has been manufactured by the Guangzhou Shipyard International Company Ltd.
- It was launched in Guangzhou in South China's Guangdong Province.
- It is a 70.5-metre long ship and weighs about 600 tonnes.
- It is powered by a 26-tonne lithium battery.
- It produces zero emission, including carbon, sulphur, and PM2.5 as it does not use fossil fuels.

84. Answer: c

Explanation:

Shamik Chaudhry has been awarded the 'German Green Talent Award 2017'.

- Shamik Chowdhury, an Indian Researcher, in 2017 was awarded the German Green Talent Award.
- He is among the 25 young researchers who have been conferred with the award.
- It was given to him by the German Federal Ministry of Education and Research for his new approach towards resource efficiency, sustainable development, cleaner production, and eco-innovation.

---

**85. Answer: b**

**Explanation:**

Colombo is the commercial capital of Sri Lanka.

- A popular tourist destination, Colombo is on the west coast of Srilanka.
- Sri *Jayawardenepura Kotte* is the legislative capital of Srilanka.

---

**86. Answer: c**

**Explanation:**

Generally, atomic radius is measured in Angstrom

- 1 Angstrom =  $10^{-10}$  metre.
- The symbol for Angstrom is Å.
- Atomic radius is the total distance from the nucleus of an atom to the outermost orbital of its electron.
- Atomic radii can be measured by X-ray or any other spectroscopic methods.

---

**87. Answer: a**

### Explanation:

Only I and II

Both Lead is getting reduced and Carbon is getting reduced are incorrect statements.

- Lead oxide (PbO) is getting reduced to Lead (Pb) as the oxygen in lead oxide has been removed and the oxidation state of Pb in PbO is +2 while in Pb, it is 0.
- Carbon (C) is getting oxidized to Carbon Dioxide (CO<sub>2</sub>) as oxygen is being added to it and the oxidation state of C is 0 while in CO<sub>2</sub>, it is + 4.
- The loss of electrons or an increase in oxidation state by an atom, molecule or an ion is called Oxidation.
- The gain of electrons or a decrease in oxidation state by an atom, molecule or an ion is called Reduction.

---

88. Answer: c

### Explanation:

The correct answer is option 3, i.e. President of India.

President of India appoints Chairman of Union Public Service Commission in India.

- The responsibility to hold examinations for All India Services and group A and group B of central services is upon the **Union Public Service Commission** in India.
- It is the **central recruiting agency** in India.
- **Part XIV** of the Indian Constitution grants its Charter.
- Its headquarter is located at **Dholpur House** in New Delhi.
- Dr. Manoj Soni is the current chairman of the UPSC.

---

89. Answer: b

## Explanation:

Part of XVII of India Constitution deals with an official language.

- **Part XVII** is a compilation of rules and regulations concerned with the constitution of India.
- It contains **Articles** 343 to Article 351 .

90. Answer: a

**Explanation:**

Breaking down of fats from large globules to smaller globules by Bile juice is similar to Emulsification of soaps.

- The liver secretes Bile. When bile leaves the liver, it gets stored in the gallbladder, before being released into the duodenum. When it gets released from the gallbladder, it breaks large fat globules into smaller particles, in the same way as soap breaks fat particles into small globules that are suspended in water and gets washed away. This is known as emulsification. It is important because fats are not soluble in water, yet the reaction of digestion must take place in a water solution.
- The process in which one liquid gets dispersed in a second immiscible liquid is called Emulsification.
- The cleansing action of soap is due to emulsification.

91. Answer: b

**Explanation:**

Robert Hooke discovered cells by observing them in a cork slice.

- It was discovered by him in 1665.
  - Under a microscope, he could only see honey- comb-like structures in a slice of cork.
  - Since that was a dead tissue, he could only see the cell walls.
  - He thus coined the term 'Cell'.
- 

**92. Answer: a****Explanation:**

In September 2017, Government of India approved the revamped 'Khelo India Programme' at a cost of Rs 1756 crore for the period 2017-18 to 2019-20.

- Khelo India Programme aims at mainstreaming sport as a tool for development of the individual, development of the community, economic development and national development.
  - The Programme also provides Pan Indian Sports Scholarship scheme, which would cover 1,000 most talented young athletes each year across select sports disciplines. The selected athletes would receive an annual scholarship worth Rs. 5.00 lakh for 8 consecutive years.
  - It also aims to promote 20 universities across the country as hubs of sporting excellence.
  - It strives to promote "Sports for All" as well as "Sports for Excellence."
- 

**93. Answer: c****Explanation:**

In December 2017, as per the announcement made by the Finance Ministry, banks have lost nearly Rs 17,000 crore on account of frauds in the fiscal.

- Shiv Pratap Shukla, Minister of State for Finance, has informed Lok Sabha that the Indian Banks have lost Rs 16789 crore on account of frauds during the year 2016-17.
- The Reserve Bank of India (RBI) has furnished this information on the basis of fraud monitoring reports submitted by the scheduled commercial banks and select financial institutions.

---

**94. Answer: c**

**Explanation:**

On 26 July 2017, the Parliament passed the Collection of Statistics (Amendment) Bill, 2017. This Bill extends the jurisdiction of the act to Jammu and Kashmir.

- This bill aims to amend the Collection of Statistics Bill, 2008.
- The 2008 bill facilitates the compilation of statistics associated with economic, social, scientific, demographic and environmental aspects, by both State, Central and local governments.
- It also contains clauses to protect the security of information and to appoint statistics officer.

---

**95. Answer: b**

**Explanation:**

The correct answer is **8**

The effective resistance of two resistors  $12\ \Omega$  and  $24\ \Omega$  connected in parallel is  $8\ \Omega$ .

**The formula for effective resistance in parallel:**

$$\frac{1}{\text{Effective Resistance}} = \frac{1}{\text{Resistance a}} + \frac{1}{\text{Resistance b}}$$

Here,  $\frac{1}{\text{Effective Resistance}} = \frac{1}{12} + \frac{1}{24} = \frac{1}{8}$

Therefore, Effective Resistance = 8  $\Omega$ .

---

96. Answer: a

**Explanation:**

The correct answer is **Uniform speed**

Explanation:

If the Distance–Time graph is a straight inclined line then it represents uniform speed.

- A body is said to be in uniform motion when it covers an equal distance in equal time intervals.
  - For example, if a body covers 20 meters in the first 10 seconds then it should cover 20 meters every ten seconds from there on. It will indicate that the body is in uniform motion.
  - Constant speed is shown by the straight lines on the graph.
- 

Your Personal Exams Guide

97. Answer: b

**Explanation:**

The correct answer is **Convection**.

**EXPLANATION:**

When warm air rises up and cold air from the surrounding areas rushes in to fill its place then this sets up convection in air.

- When warm air rises, the air pressure at that place gets lowered. The cold air from the surrounding areas rushes in to fill its place. This sets up convection

currents in the air.

- Wind currents are generated due to uneven heating on the earth.
- Convection is the process by which the transmission of heat takes place through a substance from one point to another due to the actual bodily movement of heated particles of the substance.

---

**98. Answer: b**

**Explanation:**

Lewis Hamilton won the Formula One 2017 Japanese Grand Prix.

- The Formula One 2017 Japanese Grand Prix, a Formula One motor race, was held on 8 October 2017 at the Suzuka International Racing Course in Suzuka in the Mie Prefecture, Japan.
- Lewis Carl Davidson Hamilton, a British racing driver, races in Formula One for Mercedes AMG Petronas.
- He is a four-time Formula One World Champion, often regarded as one of the greatest drivers in the history of the sport.

---

**99. Answer: a**

**Explanation:**

In Microsoft Word, web layout view enables us to view our document as it would appear in a web browser such as the Internet Explorer

- In Web layout view, the text appears to fit the window instead of the page margins. Background colors and images inserted in the document are also visible.
- In MS-Word, we can display our document in one of the four views: Draft, Web Layout, Print Layout, and Outline.
  - Print layout- allows us to view how the document will look when we print it.

- Outline View- allows us to view the outline of the organization of the text in the document.
- Draft View- allows us to focus only on the text in the document. In this view, images, shapes, headers and footers, etc. are not visible.
- Web layout- allows us to view that how the document will look as a Web page.

100. Answer: a

### Explanation:

The National Aeronautics and Space Administration (NASA) will launch two missions GOLD and ICON to explore the ionosphere.

- With these two missions, NASA will explore the ionosphere, located 96 km above Earth's surface.
- The Global-scale Observations of the Limb and Disk (GOLD) mission will be launched in January 2018, while the Ionospheric Connection Explorer (ICON) will be launched later this year.
- NASA stated that both the missions were complementary to each other. GOLD will be in a geostationary orbit over the Western Hemisphere, about 35,398 km above the planet's surface while the ICON will be in low-Earth orbit, at 560 km above Earth, like a close-up camera.
- Both the missions will also help to measure how upper atmosphere changes in response to hurricanes and geomagnetic storms.
