Q.No: 9	Choose the correct indirect narration of the following statement from the given alternatives: The child said to his mother, "Please help me with my homework."
	The child requested his mother to help him with his homework.
	The child requested his mother to please help him with his homework.
	The child requested his mother to help me with his homework.
	The child requested his mother to help me with my homework.

[Click Here to Challenge Question No.: 10](#)

Q.No: 10	Choose the correct indirect narration of the following statement from the given alternatives: She said to Martin, "What is the matter with you that you look so cross today?"
	She asked Martin what was the matter with him that he looked so cross today.

☒	She asked Martin what was the matter with him that he looked so cross that day.
☐	She asked Martin what was the matter with him that he looks so cross that day.
☐	She asked Martin what is the matter with him that he looked so cross that day.

[Click Here to Challenge Question No.: 11](#)

Q.No: 11	Choose the correct indirect narration of the following statement from the given alternatives: The judge said to the prisoner, "What were you doing in the garage at 10:30 pm on Monday when the incident took place?"
☐	The judge asked the prisoner what he was doing in the garage at 10:30 pm on Monday when the incident had taken place.
☐	The judge asked the prisoner what he had been doing in the garage at 10:30 pm on Monday when the incident took place.
☒	The judge asked the prisoner what he had been doing in the garage at 10:30 pm on Monday when the incident had taken place.
☐	The judge asked the prisoner what was doing in the garage at 10:30 pm on Monday when the incident took place.

[Click Here to Challenge Question No.: 12](#)

Q.No: 12	Change the following sentence into the Active form. The award will be given to the winner.
☒	They will give the award to the winner.
☐	The winner will be given the award.
☐	The award is given to the winner.
☐	The award is given to the winner.

[Click Here to Challenge Question No.: 13](#)

Q.No: 13	Change the following sentence into the Active form. The experiment had been completed by the scientists.
☐	The scientists completed the experiment.
☐	The experiment was completed by the scientists.
☒	The scientists had completed the experiment.
☐	The scientists have completed the experiment.

[Click Here to Challenge Question No.: 14](#)

Q.No: 14	Choose the option that is the most appropriate conversion of the following sentence into Direct Speech. The analyst remarked that the statistical data had evidently been misinterpreted, which might have skewed the report.
☐	The analyst said, "The statistical data is evidently misinterpreted, which might have skewed the report."
☐	The analyst said, "The statistical data had evidently been misinterpreted, which has skewed the report."

The analyst said, "The statistical data has evidently been misinterpreted, which may have skewed the report."

The analyst said, " The statistical data were evidently misinterpreted, which skewed the report."

[Click Here to Challenge Question No.: 15](#)

Q.No: 15 Read the passage and answer the following question:

In an era dominated by digital devices, regulating children's screen time has become an increasingly complex challenge for parents and educators alike. While screens have revolutionized the way information is accessed and shared, excessive usage can have detrimental effects on young minds. Numerous studies have indicated that unregulated screen exposure may contribute to sleep disturbances, reduced academic performance, and impaired social interaction skills.

Conversely, when used responsibly, digital tools can foster learning, creativity, and global awareness. Hence, experts advocate for a balanced approach, emphasizing the need for clear guidelines and open dialogue between parents and children. Encouraging offline activities, monitoring content, and setting time limits are some strategies recommended to ensure that technology acts as an aid rather than an impediment to a child's development.

Choose the option that correctly converts this sentence into passive voice:

"Experts advocate for a balanced approach."

A balanced approach was advocated by experts.

A balanced approach has been advocating by experts.

A balanced approach is advocated for by experts.

A balanced approach advocates experts.

[Click Here to Challenge Question No.: 16](#)

Q.No: 16 Read the passage and answer the following question:

In an era dominated by digital devices, regulating children's screen time has become an increasingly complex challenge for parents and educators alike. While screens have revolutionized the way information is accessed and shared, excessive usage can have detrimental effects on young minds. Numerous studies have indicated that unregulated screen exposure may contribute to sleep disturbances, reduced academic performance, and impaired social interaction skills.

Conversely, when used responsibly, digital tools can foster learning, creativity, and global awareness. Hence, experts advocate for a balanced approach, emphasizing the need for clear guidelines and open dialogue between parents and children. Encouraging offline activities, monitoring content, and setting time limits are some strategies recommended to ensure that technology acts as an aid rather than an impediment to a child's development.

Which of the following sentences from the passage contains a **present perfect tense** verb?

Regulating children's screen time has become an increasingly complex challenge.

Screens have revolutionized the way information is accessed and shared.

Experts advocate for a balanced approach.

Encouraging offline activities, monitoring content, and setting time limits are some strategies recommended.

[Click Here to Challenge Question No.: 17](#)

Q.No: 17 Read the passage and answer the following question:

In an era dominated by digital devices, regulating children's screen time has become an increasingly complex challenge for parents and educators alike. While screens have revolutionized the way information is accessed and shared, excessive usage can have detrimental effects on young minds. Numerous studies have indicated that unregulated screen exposure may contribute to sleep disturbances, reduced academic performance, and impaired social interaction skills.

Conversely, when used responsibly, digital tools can foster learning, creativity, and global awareness. Hence, experts advocate for a balanced approach, emphasizing the need for clear guidelines and open dialogue between parents and children. Encouraging offline activities, monitoring content, and setting time limits are some strategies recommended to ensure that technology acts as an aid rather than an impediment to a child's development.

What does the word "detrimental" most nearly mean as used in the passage?

Unimportant

Beneficial

Harmful

Unpredictable

[Click Here to Challenge Question No.: 18](#)

Q.No: 18 Read the passage and answer the following question:

In an era dominated by digital devices, regulating children's screen time has become an increasingly complex challenge for parents and educators alike. While screens have revolutionized the way information is accessed and shared, excessive usage can have detrimental effects on young minds. Numerous studies have indicated that unregulated screen exposure may contribute to sleep disturbances, reduced academic performance, and impaired social interaction skills.

Conversely, when used responsibly, digital tools can foster learning, creativity, and global awareness. Hence, experts advocate for a balanced approach, emphasizing the need for clear guidelines and open dialogue between parents and children. Encouraging offline activities, monitoring content, and setting time limits are some strategies recommended to ensure that technology acts as an aid rather than an impediment to a child's development.

Which word is the closest synonym for "impediment" as used in the passage?

Barrier

Opportunity

Pathway

Solution

[Click Here to Challenge Question No.: 19](#)

Q.No: 19 Read the passage and answer the following question:

In an era dominated by digital devices, regulating children's screen time has become an increasingly complex challenge for parents and educators alike. While screens have revolutionized the way information is accessed and shared, excessive usage can have detrimental effects on young minds. Numerous studies have indicated that unregulated screen exposure may contribute to sleep disturbances, reduced academic performance, and impaired social interaction skills.

Conversely, when used responsibly, digital tools can foster learning, creativity, and global awareness. Hence, experts advocate for a balanced approach, emphasizing the need for clear guidelines and open dialogue between parents and children. Encouraging offline activities, monitoring content, and setting time limits are some strategies recommended to ensure that technology acts as an aid rather than an impediment to a child's development.

According to the passage, what is one way to ensure technology benefits children?

Avoid any use of digital tools entirely.

Allow unlimited screen time to encourage freedom.

Monitor content and set clear time limits.

Encourage children to use screens late at night

Q.No: 26 In this type of questions, question is provided with substitutes for various mathematical symbols, followed by a question involving calculation of an expression or choosing the correct/incorrect equation. You have to put the real signs in the given equation and then solve the questions as required.

If '*' stands for '-', '\$' stands for '×', '!' stands for '÷', '~' stands for '+', then find the value of: $14 ! 6 * 3 * 5 = ?$

इस प्रकार के प्रश्नों में, विभिन्न गणितीय प्रतीकों के प्रतिस्थापन दिए जाते हैं, जिसके बाद एक अभिव्यक्ति की गणना या सही/गलत समीकरण चुनने से संबंधित एक प्रश्न आता है। आपको दिए गए समीकरण में वास्तविक चिह्न लगाने होंगे और फिर आवश्यकतानुसार प्रश्नों को हल करना होगा।

यदि '*' का अर्थ '-', '\$' का अर्थ '×', '!' का अर्थ '÷', '~' का अर्थ '+', तो मान ज्ञात कीजिए: $14 ! 6 * 3 * 5 = ?$
