Read the passage carefully and mark the correct answers for the questions that follow:

The 'toasting' of English has been achieved through other means also. Americans have evolved certain basic key words which may be used anywhere, anyhow, words which have universal, multipurpose use. I may make my point clear if, I mention the example of the word 'check' which may safely be labelled the American National Expression. While British usage confines it to its bare dictionary definitions, the American uses it anywhere, this expression being so devised that one may blindly utter it and still find that it is appropriate for the occasion. I'll check means 'I'll find out, investigate, examine, scrutinize, verify or probe.
